

## New Schedule

Starting Thursday, February 1, our office will now be open every other Thursday from 9:30 am to 5:00 pm.

If you receive allergy shots, you have three options going forward:

1

You can continue to receive your shots at our Flemingsburg office. If you're in the buildup phase of your treatment, please make sure to schedule your shots during our open hours so that you can stay on track.

2

If it is more convenient for you, you can also receive your injections at our Maysville office. Here is the address and phone number: 1 West McDonald Parkway, Maysville, KY 41056, (859) 234-8852. The Maysville office is open three days a week.

3

If you prefer, you can transfer your injections to a primary care provider. To do this, start by getting your first shot with us. After that, bring your epi-pens to your provider for subsequent shots.

If you have any questions or need additional assistance, please contact our office at (859) 234-8852.
